

FEDERAL CAPABILITIES STATEMENT

GENERAC®

Founded in 1959, Generac Power Systems is one of the largest manufacturers of portable, mobile, commercial, and configured industrial generators. Generac Power Systems has solutions to meet the needs of almost any emergency situation, recovery effort or standby requirement.

As a GSA Contract holder, Generac Power Systems offers dependable, competitively priced equipment to government agencies. Pricing under our GSA schedule offers discounts of up to 50% off our retail pricing.

Our Commitment to Sustainability

Generac is committed to developing a long term vision that promotes environmentally responsible products, processes, and partnerships. We offer product options that allow our customers to shrink their ecological footprint when backup energy use is required. Manufacturing processes are implemented with the goal of minimizing environmental impact by reducing the amount of materials used and emissions produced. Partnerships are sought with organizations and stakeholders to further the development of sustainable technologies. By adhering to these principles we strive to be a positive contributor of sustainable growth in our industry.
